# BLACK FOREST 1900S CARVED WOODEN PLAQUE WITH CHAMOIS MOTIF, FOLIAGE AND MIRROR

## $3,600

A Black Forest period carved wooden plaque from the early 20th century, with chamois motif, foliage and petite mirror. Hand-Carved in Switzerland during the early years of the 20th century, this wooden Black Forest plaque draws our attention with its chamois head emerging from an oval medallion, surrounded by scrolling leaves wrapped around a branch. The lower section showcases a petite oval mirror accented with grapes. With its humble subject and dark patina, this Black Forest carved wooden plaque circa 1900 will bring a touch of rustic authenticity to any décor, particularly placed in a mountain cabin or country home.
