CONTEMPORARY SIDE TABLE WITH ANTIQUE ITALIAN RED BRICK TOP AND CUSTOM IRON BASE

$2,350

A contemporary side table made of an Italian antique red brick from the early 20th century with glass top and custom iron base. This small side table features a square top made of an antique Italian red brick from the 1900s, adorned with a Saint-Andrew cross accented with foliage motifs and protected by a custom cut-glass. The table is raised on a new custom iron base, whose straight, clean lines compliment the brick perfectly. The four legs are resting on splayed feet and connected to one another through an X-form cross stretcher that provides additional stability to the table. With its pure lines and lovely contrast of colors, this contemporary side table will bring a touch of authenticity to any room, whether used as a drinks table or end table.
