ENGLISH 1860S CRICKET TABLE WITH TURNED LEGS AND CIRCULAR SYCAMORE TOP

$3,995

An unusual English cricket table from the mid-19th century, with circular sycamore top and cross-stretcher. Born in England during the third quarter of the 19th century, this cricket table features a round sycamore top, sitting above three turned splaying legs, connected to one another through a cross stretcher with spindle motifs and central medallion. Created in the early 16th century, cricket tables were traditionally made of three legs that allowed them to stand more strongly on uneven grounds. With its unusual appearance and lovely patina, this English cricket table circa 1860 will bring a touch of authenticity to any home.
