ENGLISH 19TH CENTURY ROSEWOOD PEDESTAL TABLE WITH TRIANGULAR BASE

$6,750

This English pedestal table from the 19th century is crafted in richly grained rosewood and features a balanced, architectural profile. The circular top rests on a faceted central column with molded detailing at the base, set atop a triangular plinth supported by three turned ball feet. The restrained silhouette and high-quality wood speak to the refined sensibility of late Regency and early Victorian furniture.

Measuring 20.5 inches in diameter and 29.5 inches high, the table's scale makes it ideal as a drinks table, occasional side table, or accent piece beside a chair or sofa. The warm rosewood surface displays beautiful natural variation, and the underside construction confirms traditional 19th-century joinery.

This pedestal table is both elegant and understated—an easy addition to classic or contemporary interiors that value historic craftsmanship, clean lines, and rich materials. Whether placed in a library, hallway, or living space, it offers quiet sophistication and a functional surface with timeless appeal.

Height: 29.5 in (74.93 cm)

Diameter: 20.5 in (52.07 cm)
