$10,800

An English oil on canvas hunt painting from the 20th century depicting three dogs and their catch, in carved giltwood frame. This English oil on canvas hunt painting from the 20th century captivates us with its dynamic composition and evocative use of earthy tones. The artwork skillfully captures a hunting scene, featuring three dogs and their catch. The diagonal composition masterfully guides the viewer's eye across the canvas, enhancing the sense of action and narrative within the scene. One of the dogs, discreetly positioned, locks eyes with the viewer, creating a direct and engaging connection that draws us into the moment depicted. The artist's use of earthy brown and green hues evokes a rustic atmosphere, reminiscent of the English countryside. The subtle play of light and shadow enhances the realism of the scene, highlighting the textures of the dogs' fur and the landscape around them. Encased in a simple giltwood frame adorned with petite carved beads, the painting is given a timeless and elegant presentation.
