ENGLISH REGENCY ROSEWOOD DROP-LEAF WORK TABLE ON CASTERS

$4,995

A charming English Regency period work table from the 19th century, featuring a richly figured rosewood surface, drop leaves, two fitted drawers, and finely turned legs on brass casters. The compact form is especially appealing, offering the elegance of Regency furniture in a highly usable scale.

The rectangular top opens with rounded drop leaves, extending the surface from a narrow profile to a wider working or display area. The front is fitted with two drawers retaining round wooden pulls and keyhole escutcheons, with interior compartments visible in the upper drawer. The opposite side showcases matching drawer fronts, likely decorative dummy drawers, giving the piece a finished appearance from both sides.

Raised on slender turned legs with brass caps and casters, the table has a light, refined presence. It would work beautifully as a small writing table, occasional table, lamp table, sewing or work table, or bedside table. The warm rosewood grain and delicate proportions make it well suited to both traditional and layered interiors.
