# ENGLISH REGENCY STYLE COAL BURNER FIREPLACE URN GRATE WITH BRASS VOLUTES

## $7,500

An English Regency style coal burner fireplace urn grate from the 19th century with brass volutes and ram's head. This exquisite English Regency style coal burner fireplace urn grate from the 19th century exudes a sense of elegance and distinction. The urn-shaped body, adorned with beautiful brass volutes, captures the essence of Regency refinement. The volutes gracefully flank the body, leading the eye towards the central motif: a masterfully crafted ram's head, which stands proudly on the belly of the urn. The contrast between the dark body of the grate and the warm, golden tones of the brass accents creates a striking visual effect, highlighting the intricate details of the piece. The urn's classical design elements make it a timeless addition to any traditional or eclectic interior. Whether placed in a living room or study, this fireplace urn grate will serve as a captivating focal point, adding a touch of historical charm and sophistication to the space. Its decorative appeal is matched by its functionality, making it an ideal choice for those looking to enhance their fireplace with a piece that is both beautiful and practical. In a home setting, this coal burner grate could be used as an ornamental piece within a non-functional fireplace, bringing a sense of grandeur and historical significance to the room. Alternatively, it could be placed as a decorative object on a hearth, where it would evoke the warmth and elegance of Regency England. Its distinguished presence and intricate craftsmanship ensure that it will be a conversation starter, adding depth and character to any space. This English Regency style urn grate, with its refined brass details and timeless design, offers a perfect blend of beauty and utility, making it a cherished addition to any home that values both aesthetics and historical authenticity.
