ENGLISH TURN OF THE CENTURY 1900S COPPER AND BRASS PLANTER WITH LION PAW FEET

$2,250

An English copper and brass cache pot planter from the early 20th century, with lion paw feet and lateral lion head handles. Created in England at the Turn of the Century which saw the transition between the 19th to the 20th, this round copper planter features a thin lip overhanging a cylindrical body. The sides present lion heads depicted with great finesse, holding ring pulls in their mouth. The ensemble is raised on eye-catching brass lion paw feet. With its elegant decorative motifs and complimenting colors, this English Turn of the Century copper and brass cache pot planter circa 1900 will look wonderful outdoors or indoors, where it could also be used as a firewood bucket in a living room.
