FRENCH DINING TABLE WITH ROUND PARQUETRY TOP CIRCA 1900 AND NEW CUSTOM IRON BASE

$10,500

A French dining table with round parquetry top from the early 20th century and new custom iron base. Capturing our attention with its circular parquetry top dating from the early 1900s, this dining table is raised on a new custom iron base made of intersecting half-moon supports resting on petite feet. With its perfect contrast of colors between the warmth of the parquet top and dark hue of the iron base, and its elegant lines, this French circular parquetry top table will be a great addition to any dining room.
