$3,600

A French mid-20th century iron chandelier with eight lights. This French vintage chandelier features a central circular ring decorated with C-scrolled motifs braced by a central twisted iron beam. The eight scrolled arms spring from the central ring and support the simply shaped bobeches and wax candle sleeves. Four series of profiled links connect the chandelier's central ring to the upper canopy, reminiscent of a crown. This chandelier has been wired for the US and comes with additional chain and canopy.
