FRENCH LOUIS XV WALNUT NIGHTSTAND WITH TRAY TOP AND HOOF FEET, 19TH CENTURY

$4,200

A French 19th-century Louis XV-style walnut bedside table with all the charm of its era. The delicate tray top, complete with raised edges and cutout handles, speaks to both form and function—offering an elegant yet practical surface for a bedside lamp, morning coffee, or decorative accents. Below, an open compartment provides space for books or keepsakes, flanked by a single drawer above and a shaped apron drawer below, each fitted with petite brass pulls for a refined touch.

The graceful cabriole legs, so characteristic of the Louis XV aesthetic, end in sculpted hoof feet, giving the table a sense of movement and poise. The warm walnut patina, rich with natural grain and depth, enhances its timeless appeal. Perfectly proportioned, this piece lends itself to multiple uses beyond the bedroom. Style it as a side table in a living room, where its delicate lines contrast beautifully with plush upholstery, or place it in an entryway, offering a discreet yet sophisticated storage solution.

With its classic French elegance, this Louis XV-style walnut nightstand is a refined addition to any interior, blending period charm with everyday utility.
