FRENCH WALNUT SIDE TABLE OR WORK TABLE WITH DRAWER, CIRCA 1900

$1,800

A charming French walnut side table or petite work table dating to circa 1900, featuring a warm honey-brown patina and graceful, lightly provincial lines. The rectangular top is framed by a raised gallery edge, giving the piece a tray-top appearance while adding practicality for daily use. Below, a single drawer with a simple round knob offers discreet storage for writing implements, sewing accessories, or bedside essentials.

The table stands on elegantly shaped trestle-form supports joined by a low stretcher and a useful open shelf, lending both stability and visual lightness. Scalloped aprons and softly curved feet contribute to its understated French country character. The walnut displays attractive tonal variation and natural figuring throughout, enhanced by age and use acquired over more than a century.

Versatile in scale, this piece works beautifully as a side table, bedside table, lamp table, or occasional table in both traditional and layered contemporary interiors. Its narrow proportions also make it well suited for smaller spaces, reading corners, or apartment living.

Height: 26.75 in (67.95 cm)
