ITALIAN NEOCLASSICAL STYLE 19TH CENTURY GREEN PAINTED WHITE MARBLE TOP TABLE

$14,500

An Italian Neoclassical style painted wood console table from the 19th century, with white marble top, gilt and carved foliage, shells, mascaron faces and fluted legs. Created in Italy during the 19th century, this Neoclassical style painted console table features a white lightly veined marble top with protruding corners, sitting above an elegant apron. Painted in a lovely green color, the table is accented with gilt. The apron is adorned on three sides with a delicate arrangement of decorative carved motifs including shells, foliage and mascaron faces. The back is unfinished, the table will therefore benefit from being placed against a wall or the back of a sofa. Raised on four cylindrical fluted and tapering legs with gilt accents, the table is mounted on petite feet. Boasting a nicely weathered patina, this Neoclassical style Italian 19th century console table with white marble top will make a great statement in any home, particularly placed in a living room or foyer.
