MIDCENTURY ENGLISH WALNUT SIDE TABLE WITH DRAWERS AND TURNED LEGS

$3,750

A midcentury English walnut side table, circa 1940–1950, with turned legs and two drawers. This finely crafted piece features rich, warm walnut tones and classic proportions that make it an easy fit in both traditional and transitional interiors. The upper section offers a narrow drawer fitted with a discreet keyhole, set above a second drawer with a single turned knob. The drawers sit within a rectangular frame that rests on well-defined, spiral-turned legs joined by a shaped lower shelf for added storage or display.

Compact in scale, this vintage table works beautifully as a nightstand, a side table beside an armchair, or a lamp table in an entryway. Its warm finish and fine craftsmanship are matched by the practicality of its storage, lending both function and charm. The sculptural quality of the legs adds visual interest while the gently aged surface reflects decades of use and care. A timeless addition to any curated space.
