19TH CENTURY ITALIAN NEOCLASSICAL PAINTED AND GILT BENCH WITH NEW UPHOLSTERY

$5,995

A refined 19th-century Italian bench in the neoclassical taste, featuring a painted and giltwood frame with carved decorative detail and newly upholstered seat. The rectangular seat rests above a frieze adorned with repeating gilt stacked coin motifs, framed by white-painted ground that highlights the carved ornament.

The legs are tapered and decorated with gilt foliate accents that echo the classical vocabulary of the knees. Their clean, architectural lines provide balance to the richness of the gilded detailing. The proportions—44 inches wide and nearly 20 inches deep—make the piece substantial enough for use at the foot of a bed, in an entry hall, or as additional seating in a salon.

The bench has been newly upholstered in a neutral fabric, finished with nailhead trim that follows the seat's perimeter. The fresh upholstery complements the antique frame while maintaining versatility for a range of interiors.

A well-proportioned Italian example combining crisp neoclassical structure with warm gilded ornament.
