PAIR OF 1920S AMERICAN ADJUSTABLE ARTIST'S STOOLS WITH BLACK FINISH

$3,750

A pair of American adjustable artist's stools from the early 20th century, with black finish. Made in the USA during the first quarter of the 20th century, each of this pair of stools features a circular top resting on an adjustable base raised on three splaying legs. The measurements noted as for the stools as photographed. With their convenient feature and dark patina, this pair of American stools circa 1920 will make for a great addition to any home.

Diameter: 11.75 in. (29.85 cm)

Seat Height: 18 -22 in. (55.88 cm)
