PAIR OF ART DECO PERIOD MOLDED GLASS WALL SCONCES IN SILVERED METAL MOUNTS

$3,750

A pair of French Art Deco period molded glass wall sconces from the early 20th century with silver metal mount and geometric motifs. We have four pairs available, priced and sold $3,750 each pair. Created in France during the second quarter of the 20th century, each of this pair of wall sconces attracts our attention with its Art Deco lines and décor and its molded glass structure. Showcasing an envelope shape with fan style motifs from which a sphere with geometric patterns seems to be emerging, the blown glass is resting freely into a silvered metal mount. The sconces are wired for the USA. A stylish addition to any home, placed above a pair of demi lune console tables, a credenza or an enfilade!
