PAIR OF FRENCH MIDCENTURY TWISTED SOLOMONIC COLUMN STYLE TABLE LAMPS ON LUCITE

$2,450

A vintage pair of French wooden table lamps from the mid 20th century, with twisted Solomonic column style motifs and round lucite bases, professionally rewired for the US. Created in France during the Midcentury period, each of this pair of wooden table lamps features a turned Solomonic column style twisted body topped by a single socket. Professionally rewired for the US and ready to be plugged, the lamps are mounted on circular lucite bases whose transparent quality complements the lamps' color beautifully. The lamps measure a total height of 25" to the top of their sockets. Boasting a brown patina letting the wood grain come discreetly through, this vintage pair of turned wood French Solomonic style twisted table lamps from the Midcentury period will bring a stylish presence to any home, perhaps displayed on the top of a credenza, a pair of demilune tables or a commode, in a living room or bedroom.

Height: 25 in. (63.5 cm)
