PAIR OF TURQUOISE ASIAN URNS TRANSFORMED INTO TABLE LAMPS ON GILTWOOD BASES

$4,500

With their serene turquoise glaze and lyrical hand-painted scenes, this pair of Asian urns offers a moment of stillness—landscapes unfurl across the surface like fragments of a dream. Elegant figures walk among windswept trees, rocky cliffs rise from rippling waters, and distant pavilions perch in misty solitude, each brushstroke carefully applied in tones of coral, jade, ochre, and ink.

Now reimagined as table lamps, the urns retain their original lidded form and are elevated on circular giltwood bases, adding a touch of warmth and refinement. The base diameter measures 8 inches, with the overall footprint at 10.5 inches wide and 5 inches tall.

Professionally wired for use in the United States, the lamps are crowned with single-socket brass fittings. The transformation honors their decorative origins while bringing them gently into the present—suitable for interiors that lean classic, collected, or layered with quiet color.
