TURN OF THE CENTURY FRENCH SIDE TABLE - PETRIFIED WOOD TOP AND WROUGHT IRON BASE

$5,995

A French Turn of the Century petrified wood table side table from circa 1900 with wrought iron quadripod base. This French Turn of the Century side table, crafted around 1900, features a captivating petrified wood top that rests elegantly upon a wrought iron quadripod base. The table's base showcases a series of twisted effects on its legs, enhancing its dynamic appeal and visual interest. The four legs, adorned with scrolling feet, are connected to one another through stretchers on two levels, providing both stability and a refined sense of architectural balance. The iron base boasts a lovely patina, testifying to its age and the passage of time, while the petrified wood top brings a sense of organic permanence, with its unique textures and patterns. This side table will make an exquisite addition to any home, blending beautifully with a variety of decor styles, from rustic to modern. Whether placed beside a sofa in a living room, or as an accent piece in a hallway or entryway, this table is sure to captivate with its blend of natural elements and artistic wrought iron craftsmanship. Its unique combination of petrified wood and wrought iron invites admiration, making it a great conversation piece and a functional surface for displaying decorative objects or serving drinks.
