VINTAGE LOUIS VUITTON TRUNK MADE INTO COFFEE TABLE WITH CUSTOM BASE

$12,000

A vintage Louis Vuitton trunk from the late 1970s to early 1980s finds new life as a distinctive coffee table, seamlessly blending luxury with functionality. The monogrammed canvas, framed by signature lozine trim and reinforced brass hardware, speaks to the era's craftsmanship, while the patinated leather handle and original LV-embossed tag retain the trunk's travel heritage. Elevated on a custom black metal base, the piece gains modern versatility, transforming a storied luggage piece into a striking centerpiece.

With its lift-top design, the trunk offers concealed storage, ideal for stowing away throws, magazines, or board games in a living room. In a den or lounge, it becomes a conversation piece, effortlessly merging vintage Louis Vuitton charm with contemporary design. Pair it with a neutral-toned sofa for an understated contrast, or let it complement a maximalist space with layered textures and bold design elements.

For collectors, travelers, or anyone drawn to timeless design, this trunk-turned-coffee-table encapsulates both history and reinvention. Its iconic monogram and bespoke craftsmanship ensure it remains a statement piece, whether styled in a classic Parisian apartment or a sleek modern loft.
